Home Performance Coalition (HPC)

HPC collaborates with like-minded organizations to ensure all homes are healthy, comfortable, and energy-efficient. Through programs, policy initiatives, publications, online communities, and regional and national conferences, HPC brings together industry leaders to exchange ideas, solve problems, and build momentum for the rapidly-growing residential energy efficiency industry. Learn More.

Hosted by ComEd and Franklin Energy and in partnership with The U.S. Department of Energy (DOE) Weatherization Assistance Program (WAP), the Home Performance Coalition (HPC) presents the 2019 HPC National Home Performance Conference and Trade Show coming to Chicago, Illinois on April 1-4, 2019. This premier event brings together residential energy efficiency professionals from across the nation to come together to learn, collaborate, and relax. Get ready to be inspired by fascinating educational sessions from industry experts, top-notch trade show exhibits, and networking with your peers and industry leaders for four days of home performance educational excellence!
Join us in the Windy City for a deep dive into the home performance and weatherization industry. We have carefully selected the following sessions and workshops to create a dynamic and unique educational experience at this premier event!
GENERAL SCHEDULE

Monday | April 1, 2019
7:30 AM | Morning Coffee
8:30 AM – 12:00 PM | Workshops with a 10 AM Coffee Break
1:30 PM – 5:00 PM | Workshops with a 3 PM Coffee Break
+Please note, meals are not provided on this day.
+Workshops are included in the full-conference registration.

Tuesday | April 2, 2019
7:00 AM – 8:30 AM | Breakfast & Exhibits
8:30 AM – 10:00 AM | General Session
10:00 AM – 10:30 AM | Coffee Break
10:30 AM – 12:00 PM | Breakout Sessions
12:00 PM – 1:30 PM | Lunch & Awards
1:30 PM – 3:00 PM | Breakout Sessions
3:00 PM – 3:30 PM | Coffee Break
3:30 PM – 5:00 PM | Breakout Sessions
5:00 PM – 6:30 PM | Welcome Reception at the Trade Show
6:30 PM – 8:00 PM | Evening Sessions

Wednesday | April 3, 2019
7:00 AM – 8:30 AM | Breakfast & Exhibits
8:30 AM – 10:00 AM | Breakout Sessions
10:00 AM – 10:30 AM | Coffee Break
10:30 AM – 12:00 PM | Breakout Sessions
12:00 PM – 1:30 PM | Lunch & Awards
1:30 PM – 3:00 PM | Breakout Sessions
3:00 PM – 3:30 PM | Coffee Break
3:30 PM – 5:00 PM | Breakout Sessions
5:00 PM – 6:30 PM | Networking Reception at the Trade Show
6:30 PM – 8:00 PM | Evening Sessions

Thursday | April 4, 2019
7:00 AM – 8:30 AM | Breakfast & Exhibits
8:30 AM – 10:00 AM | Breakout Sessions
10:00 AM – 10:30 AM | Coffee Break
10:30 AM – 12:00 PM | Breakout Sessions

On-site Registration Hours
Monday, April 1, 2019 | 7:30 AM – 6:00 PM
Tuesday, April 2, 2019 | 7:00 AM – 6:00 PM
Wednesday, April 3, 2019 | 7:00 AM – 6:00 PM
Thursday, April 4, 2019 | 7:00 AM – 12:00 PM

WORKSHOPS

- Electricity Use Implications of Better Indoor Air Quality
  Linda Wigington
- Supercharge Your Training
  Laure-Jeanne Davignon, Bill Eckman, Jeffrey Granger, Amanda Hatherly, Anna Sullivan, J West
- Strategies and Best Practices for Getting a Multifamily Program off the Ground
  David Gates, Tiffany McFerren, Emir Jaganjac, Adam Romano
- Smart Technologies Contractor Training
  Kara Saul Rinaldi, Claire Miziolek, TBD
- 2019 Ventilation Extravaganza
  Rick Karg, Paul Francisco
- Assembling a Zero Net Energy Building
  Terry Nordbye
- Results-Oriented Energy Education
  Rana Belshe, Suzanne Harmelink
- Full Scope Retrofits for Performance and Profit; the How Tos of the Work and the Business
  Gavin Healy, Keith O’Harra, Dan Perunko
- Quality Management – The Path To Increased Profitability, Customer Satisfaction, and Employee Retention
  Dick Kornbluth
- Human Comfort: A Basic Understanding That Could Change Your Approach To Retrofitting Homes
  Tom Wilson
- AirFlow Measurements 2019
  Bill Spohn
- Retrofit Air Sealing in Wood Frame Buildings
  Terry Nordbye
- Multifamily Building Auditing for Single Family Auditors and Programs
  Andy Padian, Brody Vance
- Making Multifamily Work – The CEDA and Wentworth Gardens Tour
- Healthy Homes Full Day Workshop
  Kevin Kennedy, Joe Medosch

Additional workshops coming soon!

EVENING SESSIONS

- Evening TED Style Talks
- Pecha Kucha Night
Each of these 90-minute sessions are offered between Tuesday and Thursday. Content added weekly. Session schedule coming soon.

- **House as a System**
  - Dave Keefe

- **Zone Pressure Diagnostics**
  - Rick Karg

- **Air Sealing 101**
  - Dave Keefe

- **Comfort 101**
  - Rana Belshe, Linda Wigington

- **IAQ Basics**
  - Rick Karg, Bill Spohn

- **Stepping into Healthy Home Assessments: What You Need to Know**
  - Joe Medosch, Larry Zarker

- **Insulation 101**
  - Dave Keefe

- **BPI’s Home Energy Professional and Core Certification Update**
  - John Jones

- **Heat Loss/Heat Gain**
  - Rick Karg

- **Crawlspaces: The Good – The Bad – & The Ugly**
  - John Tooley

- **Do Sealed and Insulated Attics Save Energy?**
  - Iain Walker

- **Building a Better Wall: Principles and Practices for a High-Performance Home**
  - Patrick Huelman

- **What Do You Need to Know About Moisture to Design Durable Envelopes?**
  - Achilles Karagiozis

- **Basement Best Practices**
  - Patrick Huelman

- **The Science Behind Insulation: in Cavities and Continuous**
  - Marcus Bianchi, Achilles Karagiozis

- **Freeze-thaw – An Urban Legend?**
  - Bill Rose

- **Automated House Sealing – AeroBarrier Envelope Sealing of New Homes**
  - Dave Bohac, Paul Springer

- **Cost-effective Solutions for Resilient and Efficient Envelope Retrofits**
  - David Heslam, Emily Kemper

- **Air Distribution Ducts Performance**
  - Allison Bailes, Marcus Bianchi

- **High MERV Filters in Central Air Handlers: Opportunities & Challenges**
  - Rhett Major, Linda Wigington

- **Best Practices for Ventilation**
  - Paul Raymer, Brett Singer, Iain Walker

- **Getting Residential Air-Source Heat Pumps Right in Cold Climates**
  - Steve Dunn, David Lis, TBD

- **Ventilation Latent Loads Are Real: Psychrometric Weather Data, Ventilation Rates, and Mechanical System Performance**
  - Kimberly Llewellyn

- **Best Practices for Minisplit/ Multisplit Heatpumps from Retrofit to Performance Homes**
  - Allison Bailes, Kevin DeMaster, Mike Schaefer

- **Remediating Duct Leakage: New Duct Sealing Strategies & Techniques**
  - Ken Summers

- **Maximizing Electricity Savings with ECM Blowers in HVAC Systems**
  - Norman Bair, Scott Pigg

- **When Choosing a Heating or Cooling System, Give your Customers the Choice to Round Down**
  - Hal Smith
Each of these 90-minute sessions are offered between Tuesday and Thursday. Content added weekly. Session schedule coming soon.

- Getting the Most Out of Your Blower Door System
  Jay Bowen, Sam Myers
- Getting The Most Out Of Your Manometer: Room Pressures, Static Pressures, CAZ, ZPD and more!
  Paul Morin
- Tracking Improvements in the Home and Occupant
  Kevin Kennedy, Joe Medosch
- Combustion Safety Testing Protocols
  Paul Francisco, Bill Spohn
- Combustion Vent System Inspection Simplified
  Tom Andrews, Ray Judy
- Back and Better – An Interactive And Full Featured Walkthru – The Future of Audits
  Joe Medosch
- Air Tightness Testing in Multifamily Buildings
  Adam Romano, Graham Giovagnoli, Emir Jaganjac, J West
- Best Practices for Energy Audits – From Loss Leader to Profitable Sales Tool
  John Birch, Rob Minnick
- After the Audit: Improving Residential Energy Efficiency Assessment Reports
  Reuven Sussman, Harrison Grubbs, Beth Karlin, TBD
- Can You Use Consumer IAQ Monitors to Create a Healthier Home?
  Brett Singer, Linda Wigington
- Energy and Health Program Integration – What’s Working
  Erin Rose, Ellen Tohn, Vince Schueller, Larry Zarker
- How to Thrive in a More Airtight Box: Indoor Air Quality in Retrofit Homes
  Paul Franciso, Brett Singer, Iain Walker
- Indoor airPLUS Existing Homes & HomeChem: New Opportunities for Home Performance Contractors
  Aaron Johnson, Corbett Lunsford, Paul Raymer
- Children’s Health and Their Home Environment: What the Research Tells Us
  Kevin Kennedy
- Energy & Healthy Home Assessments at the Same Time! It is Possible!
  Kevin Kennedy, Joe Medosch
- IAQ Science and Science Fiction: Tales from the Field
  Paul Francisco
- Healthy Homes, Indoor Air Quality & Low-Income Housing: Results from Maryland & Chicago
  Jonathan Bluey, Julia Kalloz, Amanda Gramigna
- Efficient and Affordable: Expanding Opportunities for Deeper Impacts in Low and Moderate Income Households
  (Pam Mendelson) Pamela Brookstein, Greg Leventis, Frank Rapley
- Designing Multifamily Affordable Housing Programs: Pivoting Towards Success
  Alon Abramson, TBD
- Understanding the Low-Income Market to Improve Energy Programs
  Paula Carmody, Matthew Lyons, TBD
- Energy Efficiency and Health: Stronger Together
  Maritza Estremera, Michael Lafferty, Nicola Tran, Tammy Wilson
- Innovation In Multifamily Space: How & Latest Trends
  Dan Wildenhaus, TBD
- Saving Water and Money in Large Multifamily Buildings
  Laureen Blissard, Paul Blissard, Andrew Padian
- Negotiating with Apartment Building Owners and Investors
  Andrew Padian
- Low Income Program Evaluation Insights Informing Program Management and Cost-Effectiveness
  Jacqueline Berger, Steven Jerue, TBD
Each of these 90-minute sessions are offered between Tuesday and Thursday. Content added weekly. Session schedule coming soon.

  Ed Carley, Cy Kilbourn, Noel Merket, Madeline Salzman

- High Performance HVAC Installation: Delivering Comfort, Efficiency & Paying for Performance
  Torsten Glidden, Tom Daniels

- Changing Habits Through Motivation: Pay For Performance Incentive Structure
  Derek Dombrowski, Nathanael Gillespie, Seth Rapoza

- Design Thinking: Employing Behavioral Sciences in Program Design and Service Delivery
  Emily Levin, Dan Wildenhous

- Programmatic Aspects of Health & Safety
  Janja Lupse, Donald Swift, TBD

- Can Certifications Add Value?
  (Cynthia Adams), Pamela Brookstein, Julie Caracino, Robin LeBaron

- One-Stop for Energy Savings and Jobs: A Comprehensive Support Model
  Lee Laney, Ryan Moore, TBD

- Home Performance with ENERGY STAR: All the Ingredients You Need for a Successful Program
  TBD

- Successful Collaboration Across Multiple Utilities
  Lisa Pfitzinger, Lawrence Rush, Kent Tomlinson

- Sales Software & Data Feedback to Maximize your Business’s Profitability and Quality
  Amanda Godward, Keith O’Hara

- Energy Audit – Retrofit Contract Legalities and Pitfalls
  Stephen Stern

- The Price Is Right … Or Is It?
  Tom Grandy

- A Year of Massive Change in Digital Marketing: Understanding the New Online Advertising Landscape
  Peter Troast

- Stump da Chumps – The Final Round
  (Chandler von Schrader), TBD

- Increasing Profits through Quality Management
  Dick Kornbluth, John Tooley

- Doing it Right: Contractor of the Year Showcase
  TBD

- How to Leverage the 15 Million Annual Energy-Related Home Improvements
  Chrissi Antonopoula, Sam Rashkin, Madeline Salzman

- Consumer Connection & Common Language: Translating From Energy Geeks and Contractors To Connect With Homeowners
  Jacob Corvidae, Mark Jerome, Dan Wildenhous

- Adding Solar to an Integrated Contracting Business Part 2
  Tom Bone, Peter Troast

- Building Business Through Certification: Leveraging Certifications to Sell Jobs & Strengthen Relationships
  Amy Beley, Elena Chrimat, Mark Lee, TBD

- HP & HVAC – The How To Business Guide
  Allen Luzak

- Worst Practices: How to put Yourself Out of Business
  Hal Smith, Dan Thomsen, TBD

- Healthy Homes & Home Performance: Communicating Your Business Offerings
  Bob Krell, Peter Troast

- Peer Groups
  Amanda Godward, Keith O’Hara, TBD
Each of these 90-minute sessions are offered between Tuesday and Thursday. Content added weekly. Session schedule coming soon.

- Electrification of Homes – Is This A Clean, Sustainable Future?
  Richard Faesy, Linda Wigington, TBD
- Pay for Performance: What’s New and What Are We Learning?
  (Emily Levin), Andy Frank, Dan Fredman, Bruce Mast
  (Alissa Whiteman), Caytie Campbell-Orrock, Roger Kainu, Andy Popp
- Program Evaluation & Cost-Effectiveness Testing
  (Joe Cullen), Jacqueline Berger, Patricia Plympton
  Lizzie Bunnen, Pat Stanton, TBD
- Federal Policy Update: The Elephant in the Room – 116th Congress
  Steve Cowell, Kara Saul Rinaldi, TBD
- Smart Homes to Shift Loads: A Conversation About DR and TOU Rates
  Chris Baker, Rick Counihan, Gamaliel Lodge
- Utility Data Access: The Utility Role in the Smart Home
  Kevin Johnson, TBD
- Using Data to Target Home Performance Opportunities
  (Elena Vera ), Peter Griffin, Justin Mackovyy, Claire Miziolek
- Expanding Access To Smart Technology: Results From Pilots and Low-Income Programs
  Claire Miziolek, TBD
- Smart Thermostats – Why Is Everyone Talking About Them?
  Ben Adams, Mark Jerome, TBD
- Grid Optimization, Load Flexibility, and AI, Oh My!
  Lieko Earle, Beth Karlin, Emily Kemper, Claire Miziolek, Jamie Peters, Kara Saul Rinaldi
- New Strategies to Save Energy with Smart Home Products
  Erika Burns, Dan Fredman, Stacy Lambright, Shannon Stendel
- The Smart Home as a Tool to Engage your Customers
  Emily Kemper, Kevin Knight, Vanessa Morris, Dain Nestel
- What’s in It for the Homeowner? Empowering Customers in the Smart Home
  Beth Karlin, TBD
- Stay Cool, Chicago: Thermal Resilience Benefits of City-Wide Weatherization
  Eric Wilson
- Your Time is Now: Helping Homeowners Make the Connection Between Energy and the Environment
  Suzanne Shelton
- Leadership That Succeeds
  John Tooley
- The Residential EE Role in Combating Climate Change
  TBD
- Show Me the Money: Financing Products to Enable Home Performance Projects
  (Steve Dunn) Matt Ewing, Peter Krojsa, Greg Leventis, Todd O’Grady
- Deep Energy Retrofits: Do No Harm
  Sam Rashkin
- Energy Water Nexus E=H2O
  Bill Eckman, John Tooley
- Zero Net Energy Case Studies
  (Rebecca Olson), Jacob Corvidae, Emily Kemper, Steven Lefler, Brenda Nunes, Keith O’Hara
Each of these 90-minute sessions are offered between Tuesday and Thursday. Content added weekly. Session schedule coming soon.

- **Workforce Development**
  
  - Developing the Green Work Force Across the Nation – Setting the Standard
    (Diana McCarthy-Bercury, Kevin Bauer, Nancy Kaplan, Dan Maksymiw, Ryan Miller)
  
  - What Happens When the Aging Workforce Retires: Hiring a Young Workforce
    (Larry Zarker), Erin McCollum, Felicia Rogers, Clint Shireman
  
  - Bridging Access to a Clean Energy Economy
    Eya Louis, Jeanine Otte, Cynthia Stewart, Booker Steven Vance
  
  - The Value of Apprenticeships for Energy Efficiency Careers
    Walter Yakobosky
  
  - Strategies for Motivating and Retaining Superior Employees
    John Tooley
  
  - A Good Contractor is Hard to Find
    Vickye Bone, Frank Rapley, Dan Ridings

- **Weatherization Technical**
  
  - ASHRAE 62.2 Compliance in Weatherization
    Paul Francisco, Rick Karg
  
  - Kickin’ and Trippin’ Over Knob & Tube 2 – The Sequel: Bridge to Success
    Don Watts
  
  - Dust Control Strategies for Energy Upgrades
    Cory Chovanec, Eric Nelson
  
  - Bridging the SWS Gap – from Paper to Field
    Bill Eckman, TBD
  
  - Evaluating Garage To Living Space Connection
    James Phelps
  
  - Radon & Weatherization
    Paul Francisco
  
  - Room Pressures: Different Testing Protocols, What the Results Mean, and How to Remedy Imbalances
    Randall Olsen, Darrell Shoote
  
  - Coming soon, an additional weatherization technical track, featuring topics such as...
    - Heat Pumps in Weatherization
    - Auditing & Data Collection Entry
    - How to Inspect the Hard to Inspect
    - DOE Updates
    - Advanced Zonal Pressure Diagnostics
    - Preparing for EA Certification
    - Carbon Monoxide and Combustion Analysis
    - Mobile Home Weatherization Techniques

- **Weatherization Operations**
  
  - Overcoming the Hurdles to Solar in Weatherization
    Jocelyn Durkay, Dan Maksymiw, John Pady, Adam Romano, TBD
  
  - Working with Weatherization Customers on Health & Safety
    Salina Colon, Anna Marrero, Edgar Ortiz, TBD
  
  - Using Training Retention Activities to Enhance Skills
    Suzanne Harmelink
  
  - Decision Making: Modeled Savings vs Potential and Realized Savings
    Ray Judy, Steve Taylor, TBD
  
  - Revamping WAP – Taking A State to the Next Level of Performance!
    Ray Judy, Kris Schoenow, TBD
  
  - Recipe for Effective QA/QC in Low-income Weatherization Programs
    (Amy Klusmeier), John Pady, James Phelps, Terry Petersen, Bradley Wiesneth
  
  - Leveraging the Weatherization Assistance Program: Why and How
    Meg Power
  
  - Telling the WAP Story: Communicating the Impact of Weatherization
    Eric Behna
  
  - WAP Training Requirements and T&TA Planning
    Laure-Jeanne Davignon
  
  - Helping the Helper: Trauma Exposure in the Field
    Britt Pomush
  
  - Health and Safety Planning and Education
    Bruce Hagen, Brandon Kjelden, Amy Klusmeier
  
  - Coming soon, an additional weatherization operations track, featuring topics such as...
    - DOE Updates
    - Checking Energy Audits – for QCI and Monitors
    - Leadership Training
Trade Show Hours

Tuesday, April 2
7:00 AM – 3:00 PM & 5:00 PM – 6:30 PM

Wednesday, April 3
7:00 AM – 3:00 PM & 5:00 PM – 6:30 PM

Thursday, April 4
7:00 AM – 11:00 AM

You are cordially invited to attend the Trade Show Receptions

Tuesday & Wednesday – 5:00 PM - 6:30 PM

Here you will have the chance to personally connect with industry leaders and your peers from across the country alongside heavy appetizers and a cash bar. HPC also provides breakfast Tuesday – Thursday and lunch, Tuesday & Wednesday as part of your registration.

Participating Exhibitors (as of January 11, 2019)

AirCycler
AM Conservation Group, Inc.
Ameren Illinois Savings
Applied Energy Products and Sales Inc.
Bits Limited
Broan
Building Performance Institute (BPI)
Cellulose Installation Manufacturer
ComEd
Delta Electronic America
Dr. Energy Saver, Inc.
Energy Federation Inc. (EFI)
Embertyc USA, LLC
EnergyScore, Inc.
Evolve Technologies LLC
fooobot (Airboxlab)
Franklin Energy
Home Energy Magazine
Home Energy Pros Forum
HUD Office of Lead Hazard Control & Healthy Homes
I.D. Energy
Illinois Home Performance - Midwest Energy Efficiency Alliance
Insulation Materials, LLC
LIFEBREATH
Mitsubishi Electric Trane HVAC
Nu-Wool Co. Inc.
OptiMiser LLC
Panasonic Eco Solutions
RenewAire LLC
Residential Energy Dynamics (RED)
Retrotec
Service Partners
Snugg Home
Tamarack Technologies
Tennessee Valley Authority (TVA)
The Energy Conservatory (TEC)
Thermostat Recycling Corporation (TRC)
TruTech Tools
US Department of Energy-WAP
US EPA Indoor airPLUS
WECC: Wisconsin Energy Conservation Corporation
Conference Pricing
Regular Registration (ends Friday, March 1, 2019) .......... $775
Late Registration (begins 12AM, Saturday, March 2, 2019) ...... $875
One-Day Pass ........................................................................ $400
Student Rate Full-Registration* ......................................... $625
Student Rate One-Day Pass* ............................................... $240
Payment by Invoice Due: March 15, 2019
Invoice Option Closes at 11:59 p.m. on March 8, 2019
Group Registrations (5 or more people): Contact Robyn Hall at rhall@homeperformance.org for more information.

About the Host Hotel
Sheraton Grand Chicago
301 E North Water Street
Chicago, Illinois 60611

Book your hotel now, for the special HPC conference rate of $249 + tax per night. Conference rate available until March 8, 2019.

Book your room here or call 1-888-627-7106.

There are additional government rate ($219+tax) rooms available at the DoubleTree hotel, just a 7-minute walk from the conference site. Book here or call (312) 787-6100.

DoubleTree Hotel Chicago
300 E Ohio Street
Chicago, IL 60611

For questions, please contact Lois Miller at ldmeetings@outlook.com.

Chicago is our kind of town. We take our national conferences to places we think you will enjoy. Places with vibrant dining, art, and music scenes. Places steeped in history. Places with eclectic communities. Places with lots of green space. Places with architecture and design that you will want to explore. Chicago checks all the boxes, so it is indeed, our kind of town!

Returning for the first time since we went back-to-back in 1996 and 1997, we hope you take some time during your conference experience to explore this world-class city. With more than 5,000 restaurants, 250 theatres, 200 music venues, 125 art galleries, and 50 museums- your options are unlimited!

In Chicago, you are not confined to exploring the indoors either. With over 100 vibrant neighborhoods, you could spend days immersing yourself in the communities that make up the Windy City. The city also has 8,100 acres of green space, with 580 parks, and 26 beaches. Those beaches stretch along 26 miles of the lakefront, which includes an 18.5 mile lakefront path. The city is also bike-friendly, with over 225 miles of bike lanes, and more than 13,000 bike racks. Don’t want to BYOB (Bring Your Own Bike)? There are over 3,000 bikes and 300 stations available through the Divvy bike sharing system. So, get out there and enjoy Chicago!

So, whether you find time to explore the outdoors; catch music at Buddy Guy’s, The Vic, or Kingston Mines; see some of the world’s most famous works of art at The Art Institute of Chicago or explore nature’s wonders at the Field Museum of Natural History; have a meal of lifetime at Grant Achatz’s Alinea or Stephanie Izard’s Girl and the Goat or just enjoy the simple pleasure of a Chicago hotdog…Chicago has something for everyone!
FAQs

Will I receive a Home Performance Coalition certificate of completion for attending this conference? You will receive a certificate of completion if you attend a minimum of nine sessions. Please ensure that your badge is scanned at each session to track your attendance. This is the only way to verify that you attended and to ensure credit.

How will I receive CEU credits for attending this conference? When you register for the conference, you will be prompted on the registration form to indicate if you want to receive CEUs and, if yes, which of the approved CEUs you want. Some of the CEUs listed will require your membership identification number. This information must be provided prior to you attending sessions at the conference. The bar code on your name badge, provided by HPC onsite, will be scanned before you leave each session. After the conference, this information will be transmitted to the CEU accrediting bodies that you indicated on your registration form.

How will I know which CEUs are offered for each session? CEUs for each session will be listed on the Home Performance Coalition’s website prior to the conference and on the Day-at-a-Glance, a daily informational flyer which will be distributed each morning at the conference.

Can I attend the exhibitor trade show? Yes, the trade show is part of the conference. You must have a conference badge to enter the trade show area.

Are meals included during the conference? HPC provides breakfast Tuesday – Thursday and lunch on Tuesday and Wednesday as part of your registration. Heavy appetizers and a cash bar are available during both the Welcome and Sponsored Receptions Tuesday and Wednesday evening.

Can I share a conference badge with someone else and rotate our attendance? No. Each attendee must purchase an individual conference registration. One-day passes are available in addition to the full conference registration if you cannot attend both days.

Can I cancel a registration? No refunds will be issued as of Saturday, March 2, 2019. Requests for refunds that are received by HPC in writing through 11:59 p.m. EST on Friday, March 1, 2019, will be granted, minus a $100 cancellation fee for attendees and a $625 cancellation fee for exhibitor booths. Payment by check is due Friday, March 15, 2019.

Can I transfer a registration to another person if I am no longer able to attend? Yes. There is no fee to transfer a registration. You can return to the event registration website by going to the “Register Now” link and select “Update an Existing Registration”. You may also contact the HPC Customer Service line at (412) 424-0040.

Continuing Education Credits (CEUs)

This conference offers over 125 sessions/workshops, of which you can potentially earn 21.5 CEUs!

HPC is a continuing education service provider, and many sessions offer credits for advancing attendees’ professional careers through educational opportunities from allied organizations. Visit the CEU Information page of our website for the most up-to-date listing of CEU providers offered at HPC conferences.

Scholarships Available!

Whether you are a novice just beginning your career or a veteran who wants to learn the latest trends, all levels of experience in all facets of our industry are encouraged to apply for an HPC scholarship. In addition to the HPC Memorial Scholarships, scholarships for Women in Building Performance will be awarded this year. Both scholarships will fund the full conference registration fee for the 2019 National Home Performance Conference. For more information on these scholarship opportunities, contact customerservice@homeperformance.org. Learn more and apply today.
Home Performance Coalition

HPC Conference Action Opportunities and Benefits

**EXHIBIT**

Grow your business by exhibiting. At HPC conferences, attendees are ready to learn, ask questions, and make purchasing decisions. The trade show floor is the hub for demonstrating new products and techniques, providing immediate and future sales, as well as product research and test marketing. Click here to see the most up to date exhibitor floor plan and choose your spot for this conference and trade show today.

**BRAND**

Brand your business to a national audience. You’re joining us to attract more business. The more leads you get the better opportunities you have to convert them into sales. It’s time to put on your savvy marketer hat and distinguish yourself from your competitors.

**VOLUNTEER**

Volunteers play an important role at Home Performance Coalition conferences by assisting presenters and attendees as session assistants. As a session assistant, you are required to attend all sessions in an assigned conference track during the course of the conference. In exchange for volunteering, you will receive free registration for the conference with many more benefits.

**PROMOTE**

We know how important it is to have promotional support and we are happy you can help us get the word out. Click the link below for some exciting promotional materials you are welcome to share as you encourage others to attend this conference and trade show. Thank you for your continued support in helping to bring the Home Performance Coalition to a national audience.
